

(ROLL FILM)

Folding painter's scaffolds, airless paint sprayers, a ~~hand-pumped~~ tandem wheel street marker and

(TAKE FILM)

a new enamel for use on ceramic tile, metal and concrete are ~~many~~ just a few of the innovations on display at the 1965 Painter Maintenance Merchandise Show at Hotel Roanoke.

The show, in the Hotel Exhibit Hall, is drawing the interest of several hundred architects, general contractors and maintenance people from this area of Virginia. It's the ~~first~~ first such show for Southwest Virginia but has been an annual event in Winston-Salem, North Carolina, Atlanta, Georgia and other large metropolitan areas. The exhibit is under the general sponsorship of the ~~State~~ Sherwin Williams Company but there are other exhibitors involved in the project which will be open until ten P.M.
