Governor Godwin's 160 million dollar two per cent sales tax ~~is~~ with a built-in increase to three in 1968 ~~has~~ /completed its journey through the Virginia General Assembly

In addition—shortly before the sales tax bill was given final passage -- ~~the~~ ^a companion 2 per cent tilling tax on automotive sales for highways emerged unchanged from a house committee.

The result was a one two victory for the governor on major revenue measures designed to produce more than 208 million dollars in new revenue in the next two years.

Republican minority leader Cadlwell Butler of Roanoke said today in Richmond that the sudden discovery by the Democratic administration of another seven million dollars in surplus funds was another example of the foolishness of adding another one per cent sales tax now for effect in 1958.
