Executive Director Lewis Overshire said about 1800 silver dollars were paid to the blind, crippled and disabled workers at Goodwill today during the annual custom.

He said this is x symbolic of all Goodwill workers' desire to earn their own way and not depend on charity. Ovenshire said Goodwill is closing down the workshop for vacation from June 25th to July 5th. Workers ~~were~~ were given a days vacation pay for each two months service. Ovenshire said it was quite a job rounding up 1800 silver dollars, and he had to call on the banks for as many as they could spare. He said armed guards transported the silver, but belives it was quite safe because a holdup man would need a wheel barrow to transport all the cart wheels.
